

Plant, Machinery & HGV Auctions

February Sales Report

The February auction saw good, strong all round trade with export buyers once again bidding both online and at the sale, 22% of equipment sold was bought overseas. 3 to 5 year old plant machinery sold well, likewise a demand for compact plant, 5-12 year old, suitable for self-builders and developers was evident. A clearance rate of 78% was achieved across the plant machinery and vehicles sector.
