

Plant, Machinery & HGV Auctions

August Sales Report

Brightwells are pleased to report a huge clearance rate for our seventh machinery auction of the year. There was a noticeable increase in the export trade across the board and prices were up on previous months. We had an exciting clearance rate with very few tractors, excavators or dumpers left unsold this month. As usual the Environment Agency tractor section saw some excellent prices, as did the rest of the tractor section. We are already receiving a large number of enquiries from both dealers and end users in this country and abroad looking for machines. If you would like to discuss consigning machines to the next auction on the 9th September, contact James Thomas on 01981 250642.
