October Sales Report

Brightwells are pleased to report an exceptional trade in all sections. With over 90% clearance in most plant sections this is the third month in a row where almost all of our excavators have been sold. We had a larger than usual consignment of dumpers this month and these were also selling extremely well. The foreign trade has only increased since June and we are excited for our November sale which is typically our largest and the sale at which we achieve some of our highest prices. If you would like to discuss values of any machines you have to dispose of contact James Thomas on 07976 896943.
