Plant, Machinery & HGV Auctions

May Sale Summary

This was the first month in some time in which our plant section looked a little thin on the ground in comparison to the huge line up of HGVs & tractors. We had some great results in the plant & trade was extremely strong. This dearth of entries is purely indicative of the scarcity of used plant in the current market.

HGV sales were through the roof this month, we had a mega clearance rate & got a huge number of high value lots sold, average sale price in this section was over £12,000!

We had a fantastic entry of tractors this month, this section has really grown significantly in the last few months and we achieved some strong prices and a high clearance rate

To discuss values, haulage & entries please contact James on 07976 896943 or David on 07969 410777.
