Plant, Machinery & HGV Auctions

June Sale Summary

We are pleased to report a strong entry in most sections for our 6th sale of the year. Trade was strong across the board and particularly in the plant section. Mini & midi excavators have never sold so well as they did last Friday. Trade was up on farm machinery & implements, as is to be expected for the time of year.

The online bidding presence this month was not so strong as previous months with only 20% of value being sold to the internet. Export trade was however extremely strong with a large proportion of the sale being sent all over the world.

There has already been a vast amount delivered for our next sale, July is looking like a particularly large auction. To discuss values, haulage & entries please contact James on 07976 896943 or David on 07969 410777.
