Plant, Machinery & HGV Auctions

July Sale Summary

Our 7th auction of the year saw another great collection of machinery and some strong market prices fetched. We were blessed with some glorious weather which really showed off the quality of the machines on offer. As well as mini & midi excavators, rollers were the easiest type of machine to sell this month. Dumpers, large plant & tractors all also sold well. The summer months can typically be hard work to sell machinery, however we still achieved fair money and good clearance rates across the board.

We are fortunate to have already received several direct council, finance company & government agency entries for our next sale on the 9th August. If you wish to sell your equipment alongside these vendors then please get in touch. To discuss values, haulage & entries please contact James on 07976 896943 or David on 07969 410777.
