Plant, Machinery & HGV Auctions

July Sale Summary

The trade in our 7th online auction of the year was as strong as we have seen it all year. Exceptionally high prices were seen in all sections, with mini and mid-range excavators commanding some of the most impressive prices. We had a huge clearance rate in our large plant section this month, with not a single 13T+ excavator left unsold. Tractors remain a little slower as we get through the summer months when farming jobs are at their peak. HGVs & vehicles were in high demand once again. With the current lack of new vans in the country and difficulties in getting hold of new vehicles, we have seen prices pushed up as buyers compete with each other! Our next auction catalogue has already started growing with some cracking machines now on site ready to be offered! To discuss values, haulage & entries contact James or Dave on 07976 896943 or 07969 410777.
