Plant, Machinery & HGV Auctions

November Sale Summary

Our penultimate auction of 2021 was another roaring success. Trade has remained extremely strong throughout the year, and this month was no exception. We achieved over 80% clearance rate once again. Contractors mobile plant was the most fiercely fought over section, and we welcomed several new overseas bidders. Purchasers are now able to bid with a high level of confidence, due to us including videos with each lot listing on our online catalogue now. The videos also helped in the agricultural & truck sections, where we saw some good strong bidding early on, this led to many lots going for well over reserve.

We already have some strong consignments for our next auction (10th December) and some nice machines are now on site. Enter your plant early to have maximum exposure to our huge purchaser database. Call us on 01981 250642.
