Plant, Machinery & HGV Auctions

August Sale Summary

This month saw another strong trade and high clearance rate. The plant section cleared out extremely well, as did tractors this month. Traditionally, this time of year sees a bit of a lull in entries at auction, as our main consignors are busy working and using their machinery. We saw strong entries across the board and had to expand the HGV row at the last minute to include several late entries. Online selling still appears highly successful, with bids coming from all over the world and buyers giving strong money in all sections. The next sale to be held will be sundries, attachments & implements on the 28th August, after this our next plant & machinery sale will follow the same online only format on the 11th September, this time of year typically sees the sale yard filled to the brim! To discuss values, haulage & entries please contact James or Dave on 07976 896943 or 07969 410777.
