Plant, Machinery & HGV Auctions

January Sale Summary

Our first auction of 2021 has kicked the year off to a great start! Another stellar clearance rate, some good strong prices & we've continued to sell used equipment to countries in the EU and beyond! We saw a massive entry of fresh, genuine, end of use telehandlers, as well as the usual fantastic collection of excavators. The bidding on these was more ferocious than ever with over 60% of bids placed coming in within the last 60 seconds! Demand for used tractors has been through the roof for the last year or so now, this has led to a serious shortage throughout the country. We saw some great prices fetched & are now looking to fill this section again for next month! Our next plant & machinery auction will be held on the 12th February & entries are already coming in fast! To discuss values, haulage & entries please contact James or Dave on 07976 896943 or 07969 410777.
