Plant, Machinery & HGV Auctions

October Sale Summary

Our 10th plant & machinery auction of the year saw a strong steady trade once again. We only have 2 more sales until Christmas now & we anticipate some large entries yet to come! Tidy used equipment is still extremely hard to come by. This could be felt in particular in the tractor section. We had another good clearance rate in the plant & agricultural sections and saw some extremely high prices in the HGVs & grounds maintenance sections.

We are always working to get equipment marketed as best we can and reach more and more buyers around the world. The export trade is still very buoyant and we are continuing to maintain trading relationships with customers in all continents and each month we see new buyers from other countries.

Get in touch early to get your kit consigned. To discuss values, haulage & entries contact the office on 01981 250642.
